

HOLLINGSWORTH PARK — VERDAE —

PREFERRED BUILDER

Authentic Custom Homes, Inc.

Buddy and Gina DeLozier

Authentic Custom Homes, where the details make the difference. We're not just building a house, we are creating your home. Your home should reflect your lifestyle. Home construction is a very detailed process and should be managed properly. Buddy DeLozier, president of Authentic Custom Homes, is a second generation builder and has been in the construction industry for over twenty five years. He has been designing homes of distinction since 1982 and also has worked with some of the most renowned architects in the southeast. He is an approved designer and builder in almost all of the Greenville area's planned communities and has an extensive understanding of working with developers, engineers, and architectural review boards. With this knowledge he will be able to assist you with the planning and building of your new home.

Buddy and Gina DeLozier are a husband and wife team who both dedicate themselves to building a home that they can be as proud of as you are. Homeowners who have had the pleasure to work with Buddy and Gina

praise Authentic Custom Homes for the ability to listen to specific needs and guide them through the process of design and selection. Their personal attention to detail and cost-effective planning have made them leaders in residential construction. We want to make your building experience a positive one. Our goal is to not only build homes but relationships as well.

This dynamic two-person team focuses on a wide range of elements that they believe make a successful product: keeping a hands-on approach to the homes they build, creating livable designs to suit contemporary lifestyles, managing subcontractors and communicating the level of quality expected from each trade, building greener homes for better energy efficiency, choosing finish elements that will make each house unique and, through it all, stressing service and attention to detail. Feel free to contact us and Authentic Custom Homes will work to make your dream home a reality.
